### ESQUINA DEL CEO

¡Feliz primavera!

En marzo, completamos con orgullo la segunda cohorte de nuestro Programa de Influenciadores Cívicos: 16 individuos que representan organizaciones con sede en Norwalk profundizaron su comprensión de cómo dar forma a la política a través de una defensa efectiva. Durante el próximo año, esta cohorte trabajará con nuestro Director de Política y Compromiso Cívico en sus planes de acción cívica. También organizamos nuestra Reunión Trimestral, que se centró en fortalecer las habilidades de análisis de datos utilizando información de la Encuesta Juvenil de Norwalk 2024. Si te perdiste la reunión, consulta nuestro [Resumen de la Reunión de marzo](#).

Nuestra Gerente de Salud Emocional y Social, Anamilena Moreno, moderó un foro comunitario para apoyar al distrito escolar en el desarrollo de una política de teléfonos celulares y redes sociales. Además, nuestra Gerente de Desarrollo Infantil, MJ Chironna, presentó, junto a Ken Waller del Centro de Salud Comunitaria de Norwalk y Wes Kaplan de la Universidad de Hartford, el trabajo de la Iniciativa de Desarrollo Infantil (ECDI) a la Red CT 359—nuestra Iniciativa ECDI sigue siendo un modelo respaldado por investigaciones de mejores prácticas en el campo.

está pasando del Trabajo en Comité y Audiencias Públicas a la siguiente fase crítica: Debates y Votaciones en la Cámara.

El Comité de Apropiaciones (enfocado en cómo se gastan los fondos estatales) y el Comité de Finanzas, Ingresos y Bonos (enfocado en la generación de ingresos) están finalizando su trabajo—marcando los pasos 3 y 4 en nuestra línea de tiempo legislativa.

Estamos emitiendo Llamados a la Acción durante la última semana de abril sobre los proyectos de ley prioritarios de la Coalición C2C que actualmente están en comité:

**Comité de Apropiaciones SB-1511 JUVENTUD**

**DESCONECTADA HB-6899

Una vez que los proyectos de ley salgan del comité y se dirijan a la Cámara o al Senado completo (pasos 5 y 6), su voz sigue siendo importante—las llamadas y correos electrónicos pueden ayudar a asegurar que estos proyectos de ley lleguen al calendario legislativo.

## Registrador de Votantes & Administración de Elecciones

Por primera vez en más de 60 años, el Consejo Común de Norwalk y el Comité de Reapportionment han trabajado para redistribuir nuestra comunidad para reflejar mejor los cambios de población y asegurar la continuidad y representación del vecindario.

Más información se puede encontrar en el sitio web de Votantes y Elecciones de Norwalk o en la nueva página de Facebook del Registrador de Votantes.

¡y obtener un voto!

## Enfoque en la Voz Juvenil: Ampliando el Voto para la Junta de Educación

El otoño pasado, Norwalk ACTS y nuestros cuatro socios de la Coalición organizaron “La Importancia y el Poder del Voto Juvenil”—una conversación transmitida en vivo con la Secretaria de Estado Stephanie Thomas, centrada en las perspectivas juveniles sobre el compromiso cívico. Surgió una pregunta poderosa: ¿Deberían permitirse a los jóvenes de 16 y 17 años votar en las elecciones locales de la Junta de Educación, ya que esas decisiones impactan directamente sus vidas y las de sus compañeros?

El 15 de abril, Newark, NJ se convertirá en la primera ciudad del estado en permitir que los jóvenes de 16 y 17 años voten en una elección de la BOE. A medida que Nueva Jersey explora una expansión más amplia y se rastrea de cerca la participación, los jóvenes residentes de Connecticut están observando—y liderando—conversaciones importantes sobre su papel en la formación del futuro.

# CT CRADLE TO CAREER COALITION 2025 POLICY AGENDA

## POLICY GOALS

**Economic Equity:** Enhance opportunities for generational success and wealth, bolster the social safety net, and promote skills-based hiring and training initiatives.

**Educational Equity:** Strengthen early education opportunities and resources while enhancing family and student-school connections through in and out-of-school support.

**Health Equity:** Expand culturally responsive medical and behavioral healthcare, School-Based Health Centers, Community Health Workers, and Doula access.

## LEGISLATIVE PRIORITIES

Create a permanent, fully refundable **CHILD TAX CREDIT** to reduce child poverty, drive economic mobility, promote equity, alleviate household stress, boost our economy, and advance the wellbeing of children, families, and communities.

Enhance **LEGISLATIVE AWARENESS OF YOUTH DISCONNECTION** factors, which are most effectively addressed through comprehensive, cross-sector strategies.

Address the urgent challenges of **YOUTH ENGAGEMENT** and **WORKFORCE DEVELOPMENT** by introducing students to diverse career pathways and advancing an innovative **YOUTH COMMUNITY HEALTH WORKER** role.

Our Coalition will also support advocacy efforts on the following priorities:

- Ensuring appropriate **Medicaid community provider rates**
- Securing dedicated **funding for early child care and education**
- Improving access to **special education for multilingual learners** and their families
- Preventing disproportionate **loss of benefits** during income increases
- Securing **school meal** programming
- Addressing disparities in **housing access**, including protecting from displacement

And critically: Modifying **fiscal constraints** to provide funding for our policy goals

## WHAT ARE THE BASICS PRINCIPLES?

Science shows that 80% of brain growth happens by the age of three! Beginning from birth, young brains develop like little muscles, getting bigger and stronger the more you and your family interact with your child.

The Basics Principles are five fun, simple, and powerful ways to help all our children aged 0-3 grow to be happy and smart.

Do all five principles every day to help your child become the amazing person you know they can be.

#### Maximize Love, Manage Stress

Babies and toddlers thrive when their world feels loving, safe, and predictable. Respond with smiles, words, and touch to help them see, hear, and feel your love. You will help them develop a sense of security and self-control.

#### Talk, Sing, and Point

Babies learn language from the moment they are born. Respond to their sounds, and later, their words. Connect with eye contact and a loving tone of voice, while pointing to help them know what you are talking about.

#### Count, Group, and Compare

Every child's brain is wired for math. Talk about numbers, shapes, patterns, and comparisons as you go about your routines together. Watch your child learn to love math.

#### Explore Through Movement and Play

Babies are like scientists who love making discoveries. Watch to see what interests your child, then encourage their curiosity and help them learn when they play and explore.

#### Read and Discuss Stories

Reading turns kids into confident thinkers. Make books a regular part of your relationship from the very beginning. With infants, point at the pictures and speak with excitement. With toddlers, just make it fun.

#### Who Is Involved?

Lots of people! Partners include hospitals, health centers, schools, community centers, childcare providers, churches, family members, and others.

#### What If I'm Not a Parent?

You still care about children! Learn about The Basics principles. Encourage parents and caregivers to make sure their children experience all five with everyone who cares for them.

#### How Can I Learn More?

**Merritt Based Scholarship Opportunities  
 Young Music and Video Producers**

Factory Underground Tech, located in Norwalk CT, is offering merit-based scholarships for our upcoming Spring Semester (Jan-May 2025). We are seeking students with a passion for recording, composing, and visual arts to enroll in our classes and enrich our community.

**About Us**

Operating directly out of Factory Underground Studio, Factory Underground Tech offers training on state-of-the-art gear alongside industry professionals. We teach music recording and production, live sound, broadcast, audio for TV/film, and more. Factory Underground Studio works with internationally-renowned brands including Disney, Netflix, Sony, and Ubisoft as well as international artists such as Jose Feliciano, Brian McKnight, and Goose.

**Eligibility Criteria**

- We are seeking high school students who:
- show a high level of interest in music production and technology, songwriting, composition, live sound engineering, content creation, and/or the music business.
  - have 6-8 hours available weekly for class time and coursework.
  - are self-motivated and committed to their work.
  - are interested in the Norwalk arts community.
  - may pursue music as a major or minor in college/post-secondary school.

**Next Steps**

Please provide 1-3 pieces of content for us to review as related to your course selection. This could be a link to already released content, or a link to projects that you are currently working on. Briefly describe your contribution to the works that you've submitted.
